

P1X Series

Description

Lowell P1X Series surface backboxes are ideal for mounting a variety of gang size devices. Construction is 20-gauge steel with a durable white powder epoxy finish. All models are 4.625”H and 2.5”D and have varying widths as noted below. Model P1X-2 has two U-clips and Models P1X-2 through P1X-6 have four or more U-clips.

Model P1X fits standard 1-gang devices including Lowell’s Model S1 and A1 blank wall plates, MCP1 Series wall plates with connectors, and LVC Series volume controls (order separately). Model P1X is 2.875” wide and has 4 knockouts.

Model P1X-2 fits standard two gang devices including Lowell’s ISX and ISP series intercom speaker stations and plates, respectively, TTP and TCA telephone handset/hook-switch assemblies, S2 and A2 blank wall plates, MCP series wall plates with connectors, and ANP-1 with volume control scale (order separately). Model P1X-2 is 4.625”W and has 5 knockouts.

Model P1X-3 fits Lowell 3-gang devices including ISX and ISP Series intercom speaker stations and plates, respectively, and blank plate Model S3 (order separately). Model P1X-3 is 6.437”W and has 5 knockouts. Mounting centers are not standard for 3-gang devices.

Model P1X-4 fits Lowell 4-gang blank wall plate Model S-4 (order separately). Model P1X-4 is 8.25”W and has 5 knockouts. Mounting centers are not standard for 4-gang devices.

Model P1X-5 fits 5-gang custom plates. It is 10.06” W and has 3 knockouts.

Model P1X-6 fits 6-gang custom plates. It is 11.875”W and has 3 knockouts.
