

Model: ACS-2014-HW

AC Power Strip, Single Circuit – 20A Hardwired

Description:

Model ACS-2014-HW power strip is a 20A hardwired device that provides reliable access to power in racks and stand-alone applications. US-made power strip has a rugged steel chassis and fourteen outlets (7 duplex receptacles) in easy-to-see white color. The strip is ETL Listed and features multi-mount brackets for versatile and trouble-free installation.

Multi-mount brackets allow for power strip installation in a variety of applications with outlet orientation facing forward, center or rear. Brackets are engineered with multiple mounting points and two types of hardware to facilitate easy power strip installation into cabinets with adjustable or fixed mounting rails or to wall or desk surfaces. The brackets may be mounted so they are exposed for easy access or concealed under the strip for aesthetically clean installation.

The power strip chassis is manufactured of heavy gauge steel and finished in durable black powder epoxy paint. The chassis measures 30"L x 2"W x 2"H. Outlets are NEMA 5-20R, 20A white duplex receptacles. Strip terminates to flexible (non-metal) conduit that is 6-foot long with pig-tail leads.

Features:

- 20A Power strip with 14 outlets (7 duplex receptacles).
- Outlets are white for easy identification inside dark cabinets.
- Strip terminates to flexible conduit that is 6-foot long and may be field cut to shorter lengths.
- Rugged steel chassis is finished in durable black epoxy paint.
- Multi-mount brackets provide mounting versatility nearly anywhere including racks, walls and surfaces of most kinds.
- ETL Listed (US and Canada)
- Made in the USA

A & E Specifications:

Power strip shall be Lowell Model ACS-2014-HW. It shall be ETL listed and made in the USA with a power rating of 20A. Power strip shall include 14 outlets (7 duplex receptacles) in white easy-to-see color. The chassis shall measure 30"L x 2"W x 2"H. It shall be terminated to flexible, non-metal conduit that is 6-foot long with pigtail leads. It shall install to cabinets with adjustable or fixed mounting rails and to walls and desk surfaces using multi-mount brackets and hardware provided.
