

Model: MH5-DVD

Media Holder (5U) for DVDs

Description:

The MH5-DVD is a 16-gauge steel rackmount media holder with two metal dividers designed to provide an easy way to organize DVDs. The media holder mounts in 19"W EIA racks and is ideal for applications where presentation equipment is shared between rooms in schools, hospitals and medical facilities, or for permanent installations in training facilities, reference libraries, conference centers and boardrooms. The MH5-DVD holds up to 40 jewel cases and installs easily to the front mounting rails of 19"W racks using 10-32 hardware (not included). Durable flat black powder epoxy finish.

The MH5-DVD rackmount media holder will hold up to 40 jewel cases.

Features:

- Sturdy 16-gauge steel housing with 2 dividers
- 8.72"H x 19"W x 5.5"D
- 9.1 lbs.
- Mounts on front rails of 19"W EIA rack
- Flat black powder epoxy finish
- 40 jewel case capacity
- Made in the USA with certified US steel

A & E Specifications:
