

Model: CMD-series

Cable Manager with D-rings

Description:

The 19" EIA rackmount panels for cable management provide solutions for organizing wire and cable in telecommunications, audio-visual and broadcast applications. The CMD-series cable manager is a 1U or 2U rackmount panel of 16-gauge steel, formed on two sides and finished in black powder epoxy paint. D-rings are formed from 0.125" (cold-rolled steel) and welded for stability of medium to large cable bundles. Each 1U model includes D-rings (1.63"H x 3.75"D), while each 2U model includes D-rings (3.25"H x 3.75"D) for horizontal cable management.

Model numbers with "HV" suffix also include D-rings (3.25"H x 3.75"D) on the ends —extending past 19"W—for vertical cable management (for use with open frame data racks—LRR-series).

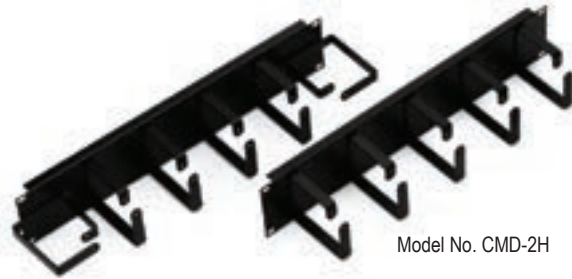

Features:

- Made in the USA
- Rackmount panel is made from 16-gauge steel with black powder epoxy finish
- D-rings are formed from 0.125" (cold-rolled steel) and welded for stability of medium to large cable bundles.
- Model No. CMD-1H: 1U rackmount panel with D-rings for horizontal cable management.
- Model No. CMD-2H: 2U rackmount panel with D-rings for horizontal cable management.
- Model No. CMD-1HV: 1U rackmount panel with D-rings for horizontal and vertical cable management — for LRR-series racks.
- Model No. CMD-2HV: 2U rackmount panel with D-rings for horizontal and vertical cable management — for LRR-series racks.
- Model No. CMD-2V: Single D-ring welded to 2U bracket that's punched on EIA spacing (3.5"H x 0.875"W) for localized cable routing on front or rear mounting rail or on a wall.

Model No. CMD-1HV

Model No. CMD-1H

Model No. CMD-2HV

Model No. CMD-2H

Model No. CMD-2V

A & E Specifications:

The cable manager shall be a _____U rackmount panel, Lowell Model _____. It shall be formed from 16-gauge steel and finished in black powder epoxy. It shall include a series of D-rings for horizontal cable management.

[The cable manager shall also include D-rings for vertical cable management.]

Model No.	Description	Former No.	Width	Rack Units	D-rings Horizontal	D-rings Vertical	Unit of Sale
CMD-1H	Cable Manager with D-rings	LCMD-1H	19"	1	5	---	each
CMD-2H	Cable Manager with D-rings	LCMD-2H	19"	2	5	---	each
CMD-1HV	Cable Manager with D-rings	LCMD-1HV	19"+	1	4	2	each
CMD-2HV	Cable Manager with D-rings	LCMD-2HV	19"+	2	4	2	each
CMD-2V	Single D-ring on bracket	LCMD		2			each

One rack unit (RU or U) = 1.75"
