

### Features

- 13W fluorescent bulb
- Shatter-resistant lens
- Grounded 120V outlet
- Collapsible swivel hook
- Detachable bracket with magnet
- 6 foot grounded power cord
- UL Listed

### Description

Handy UL Listed accessory hangs or magnetically mounts to a rack or cabinet to provide an excellent light source for working on equipment. Includes a long life 13W fluorescent bulb (light output equiv. to a 60W incandescent bulb) with a shatter resistant lens, grounded 120V outlet (13A), collapsible swivel hook for versatile hanging options, a detachable bracket with magnet, and a 6' grounded power cord (16 gauge).

### A & E Specifications

The device used for lighting equipment racks shall be Lowell Model RL-1. Light shall include a fluorescent bulb protected by a shatter-resistant lens. Light shall include a grounded 120V outlet (13A) and a grounded power cord. Device shall be UL Listed and capable of magnetically mounting or hanging in the rack.

RL-1

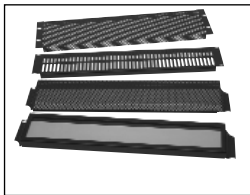

RL-1 (shown magnetically mounted in a rack)
